

Poulton-le-Sands'

Good News!

Next week your children will be learning about:

Reception: All about me!

Year 3: Mental addition & subtraction

Year 1: Autumn poems

Year 4: Wallace and Gromit explanations

Year 2: George Stephenson

Year 5: The history of The Space Race

Year 6: Lake District PE

We have admitted lots of new children right across school – welcome everybody!

We raised enough money to twin two of our toilet blocks with two elsewhere – we are waiting for more information about these!

This year's church collections will go towards sponsoring Shaun Gash's climb of Mt Kilimanjaro in his wheelchair. The money raised is going to CancerCare and Alex House, both local charities.

Our new Reception children are settling into routines extremely well!

KS2 children have remembered their good habits, they are moving around the building sensibly and quietly – well done!

In our first (of many!) learning walks Mrs Bould & Mr Newiss found all the classes had a purposeful atmosphere and everyone had the presentation mats ready to help the children produce neat work!
