

Poulton-le-Sands'

Good News!

Next week your children will be learning about:

Reception: Percy the Park Keeper

Year 3: Explanation texts

Year 1: Geometry

Year 4: DT - electrical circuits

Year 2: Visit to the Lake District

Year 5: Mission to mars (Bar)

Year 6: Fractions, decimals and percentages

We had our kitchen audit this week and attained one of the highest scores recorded!
Well done Lesley!

The kitchen auditor also commented on how calm and orderly our lunchtimes were!

In the pupil interviews we conducted all 12 of the children we asked believed that they had started the year well and that they were doing well.

Reception have joined us for Worship and have managed very well. They are also doing P.E. which they enjoy because 'we get to play games'.

Year 4 were very proud of their joined up writing, whilst Year 6 were very animated about describing komodo dragons for their reports!

As a part of our school improvement, we are looking at coaching to help each other find solutions so we are self-sustainable – staff have been brilliant at it so far!
