## Good News!

Next week your children will be learning about:

Reception: Space facts

Year 3: Report writing

Year 1: Shape

Year 4: Fractions

Year 2: Traditional tales with a twist

Year 5: Prezi

Year 6: Angles

Our current value is thankfulness. This week we have been thinking about saying thank you for our food. We have said grace before we eat and looked at the journey of a chocolate bar.

Mrs Bould met with Michelle Needham our new school governor who is very keen to get to know us all.

The governors' Premises Committee carried out the annual workplace inspection and noted many improvements that have been made this year.

The governors' Monitoring Committee conducted a learning walk and found that school gives an excellent first impression.

Pupil progress meetings were held this week. Mrs Bould or Mr Newiss met with every teacher to discuss the progress and attainment of individual children.

The children have been very kind and helpful to one of our pupils who returned to school this week in a wheelchair as he has a badly broken leg.

It was lovely to see.
