Reception Road Safety

Year 1 & 2 have been wonderful this week learning all about road safety, and so next week it is Reception's turn! (Let's hope the weather is a bit drier!)

Under The Sea

The Friends Association have organised a special treat for the whole school next week! A large inflatable dome will be erected in the school hall to create an undersea world inside. All the classes will have a timeslot. (Year 6 can come in the afternoon after the Isle of Man if they are still awake!) Don't forget it's a non-uniform day based on the under water theme, in return for good quality items for the BBQ tombola and raffle.

Isle of Man

The Year 6 will have their annual trip to the Isle of Man next week. We wish them a safe and enjoyable week! Updates of their progress will be put on our Facebook page, but no photos until they return due to poor WiFi I'm afraid.

NUT Strike

At this time we will be remaining **OPEN** on Tuesday 5th July, we will confirm this status on Monday by sending out a text.

Although we are not striking we are continuing to take action along with other schools in Lancashire in order to secure the very best education our children deserve.

Sponsored Silence

A big well done to all those children who managed their class challenge! We would appreciate the forms and sponsor money in next week if possible please so we can get planning for which equipment we can afford!

1st July 2016

Reception Road Safety
Under the Sea
Isle of Man
