15th July 2016

Dear Parents/Carers,

We are approaching the end of another school year, and what a busy and successful year it has been.

As you know we began last September knowing that we would be inspected by OFSTED and the Diocesan inspectors. We had to wait until April before OFSTED arrived. We had a very thorough inspection and were judged to be a **GOOD** school. This fantastic result was in no part due to all the hard work that had been undertaken since January 2014, and everyone involved with the school played their part in ensuring our standards and procedures were at levels necessary to prove that we met all the criteria set by OFSTED.

Then in June we had our Diocesan inspection. The inspector was extremely pleased with our school and as you know from his report we were judged to be **OUTSTANDING**. This was an excellent outcome and one which we should all be proud.

The outcome of these two inspections show that we have, and are, moving forward. You can be assured that your children are in a school where the standards are being maintained.

We will not, however, become complacent. Everyone involved in the school knows that we need to move further to improve upon these levels, not just maintain them. Whilst doing this though we must not lose sight of the ethos and distinctiveness that our school has to offer.

The school Governors know that there is still work to do. Together with the school leadership team, we will be meeting at the end of term to set the school improvement plan for the coming year. This will continue to build on what we have been doing and also take into account the points raised in both of the inspector's reports.

As parents you should be confident your children are being well looked after in our school. They are getting a good education and you should be proud of them and the school.

On behalf of the Governing Body can I thank you for your support for your school. It is important that everyone involved with school works together so that we can continue to provide the best education possible for all the children that attend our school.

I hope you all have a good summer holiday and we look forward to working together again from September.

Best Regards
